## INDOOR BASEBALL GAME IS TONIGHT

Follow the crowd tonight to the Air dome, where the indoor basketball game between the Bankers and Brokers and the "Ruff Neks" will be played. The players have donated their services and the profits from the evening's entertainment will go to the local branch of the national surgical dressings committee and to the municipal Christmas tree. The affair is being given under the auspices of the T. A. R.

William De Courcy and Harry Grier, the official noise-makers for the evening, will have charge of a punch board, on which some very handsome and attractive prizes have been placed. The above named gentlemen are, as everyone knows, past masters in the art of keeping a crowd amused, and it is well worth the price of a ticket just to see and hear them in action.

At the close of the game the audience will rise and sing "The Star Spangled Banner," after which the jitney dance will begin. Young's six-piece orchestra will furnish the music.

## RESERVED SEATS FOR XMAS SHOW IN DEMAND

The members of the Business Men's Athletic club, in conjunction with the board of directors of the Tonopah Volunteer Fire Department's gymnasium, are devoting every effort to make the big wrestling and boxing carnival to be held in the Air dome on the afternoon of December 25, at 2:30 o'clock, a great success and the advance sale of tickets which, from present indications, will be the largest in the history of ring events in Tonopah, is assuming large proportions.

Reservations are pouring in from the surrounding country for hotel accommodations and ringside seats, which insures a large crowd of out-of-town boosters and fans.

William Berne, the Slavonic wrestler, has been conditioning himself at the Los Angeles Athletic club with the very best talent to be obtained and writes he is in the finest possible shape, while the Masked Marvel, under the close personal supervision of Victor Ajax, is fast rounding into first-class condition and reports from Goldfield are that the entire male population of the town, with plenty of cash to back their man, will be on hand Christmas afternoon.

The fighting gloves to be used by Kid Carter and George Pappas arrived from Sol Levinson in San Francisco today and they are a specially made set for these big heavies.

Both Carter and Pappas are in splendid shape, as they have been doing lots of road work in order to get their stamina and wind in tip-top shape for the gruelling ten rounds of milling. Both men will finish their training at the local gymnasium each afternoon this week by skipping the rope, bag punching, shadow boxing and sparring in order to put them in the best of condition.

## TONOPAH BOYS WRITE FROM CAMP LEWIS

The following letter has been received by C. J. Belmont, dictator of the Loyol Order of Moose, from Nick Vichasnovich and Bill Chiatovich, Tonopah boys stationed at Camp Lewis, Wash.:

"Please permit us to send greetings from Camp Lewis, asking pardon for not writing to the lodge at our first arrival here at camp. Please accept our hearty thanks for the reception that the order gave us just before leaving for Camp Lewis. We assure you that the lodge will have our kind remembrance here and across. The patriotic speeches made by you and Mr. McCormick, Mr. Luce and Mr. Dunn are in our hearts and shall be carried across to the battlefields of Europe. The camp here is very pleasant and we are getting along successfully.

"The spirit of patriotism is great and we are sure that Uncle Sam will meet with a great victory. Again we thank the brothers and people of Tonopah for the glorious send-off to us."

## 8 MILLION DRESSINGS NEEDED BY FEB. FIRST

Word that not less than 12,000,000 surgical dressings are needed in France before February 1 has been received by the T. A. R.

"A serious calamity and a national disgrace are inevitable," if surgical dressings are not sent to France with all possible speed, according to a cablegram from Major Grayson M. P. Murphy, head of the American Red Cross in France, which was made public by headquarters in New York of the American fund for French wounded.

"Nothing in the situation here is as important," the cablegram read. "Surgical dressings must be sent in millions."

Only Mr. and Mrs. Stenson, who acted as witnesses, attended the ceremony. The wedding was entirely a surprise to the friends of the couple. They will make their home in Tonopah. Mr. Getaz is employed by the West End mine as an engineer.

Graduates of approved engineer schools are allowed to apply for examination for commissions as provisional lieutenants in the engineer service, the next examination for which is to be held in January and another probably about the middle of the summer.

## TRUCK MAN HELD BY JUDGE ANOTHER DAY

Julius Johnson, charged with embezzlement in connection with lapsed payments on two G. M. C. trucks, was held today on a warrant issued by Judge Dunseath until 11 o'clock tomorrow, at which time, unless an executive warrant is forthcoming, he will again be released.

On December 13 Johnson was first arrested by Sheriff Thomas on telegraphic warrant from California. After two days, no executive warrant having been issued, he was released. December 15 he was again arrested. An insurance company charges that he left California with the trucks without paying all installments. Johnson protests his arrest, claiming to have paid \$3,000 on the trucks, and explaining that he left California looking for trucking to do so that he could meet the rest of the payments. He has been working for J. G. Crumley bringing in wood.

## AMUSEMENTS

**FANNIE WARD AT THE BUTLER.**

The ever-popular star of the stage and screen, Fannie Ward, will be seen at the Butler this evening, in a Lasky production of "Her Strange Wedding," especially prepared for the screen from George Middleton's popular story. The story is that of a wealthy young society girl who is in love with a doctor, whose brother appears after having committed a theft in the East and steals from the doctor the affections of the girl. How they are married and the bridegroom is caught in another theft is brought about in a startling manner, the doctor, but is himself stricken, and the doctor and the girl united. The suspense is sustained throughout and the production is one of unusual lavishness. Miss Ward is given an opportunity to display many of her wonderful gowns, among them being the latest model in a wedding dress. The incidents connected with the wedding were participated in by a number of well known society people spending the spring months in the West.

**DYNAMITE BLAST**

(Continued From Page One.)

plete round of the grounds and then entered the basement, where he was standing when the explosion occurred. He was stunned, but uninjured.

The governor arose and inquired whether anyone was hurt, then immediately inspected the explosion debris. He said he was grateful it was not more serious. The governor and his wife spent the remainder of the night in a hotel. The governor returned to the mansion today and made a complete examination of the damage.

The city commission adopted a resolution offering a reward of \$1,000 for the arrest and conviction of the guilty persons. The resolution declared, "In the estimation of the board it was a deliberate attempt upon the life of the governor and members of his immediate household."

The police believe the dynamite was possibly planted after the watchman had passed the point on his round of the grounds.

A resident nearby reported hearing a man call, "Are you all right," and the explosion followed. A man was seen running from the alley.

The detonation was audible in all parts of the city.

Windows were shattered in a radius of several blocks.

Damage to the building was not large.

Mrs. Stephens collapsed after the excitement and was removed to a hotel.

The governor had returned Monday from a three weeks' stay in Southern California. He said he had no reason to suspect anyone.

Charles Pearl, government explosive expert of San Francisco, said between twelve and fifteen sticks of dynamite were used, probably in a loose package.

The chamber of commerce, in a resolution, described the act as a "cowardly attempt to assassinate." The governor attributed it to "alien enemies" or "tools."
